## CHILMINGTON

A BRAND NEW PLACE TO CALL HOME

Chilmington will have a unique character and identity. This will be defined by its landscape setting, relationship to the wider countryside, its distinctive network of streets, walkable neighbourhoods and open spaces, as well as how these are inhabited. The residents at Chilmington will benefit from over £125m worth of new facilities, specifically for Chilmington.

Chilmington will have its own attractive and bustling high street with a great choice of shops, a supermarket, restaurants, business and commercial premises, leisure facilities and a community hub that will offer a broad range of services for the residents of Chilmington. There will also be four primary schools, a secondary school and further recreational and leisure facilities, creating a vibrant community that feels truly connected.

There will be an abundance of landscaped green spaces, including a 300-acre country park with sports pitches, pavilions and event facilities, allowing the community to enjoy parkland and nature, relax with the family, and, most importantly, feel a sense of belonging.

Of course, the other advantage of choosing Chilmington as your new home is the excellent transport connections. High speed rail links will get you to London St Pancras from Ashford International in just 38 minutes, while the A28 and M20 motorway will provide direct routes to Ashford and beyond.

We have carefully designed Chilmington so that the surrounding countryside will be part of the community; even more so with the many connected miles of footpaths, cycleways and bridleways.

Enhancing natural features such as woodland and hedgerows and creating green corridors will see new habitats increasing biodiversity. And with a major tree planting and landscaping programme, Chilmington will not only be a green, welcoming place that all residents can enjoy, but it will also continue to respect its historic setting.

Chilmington will be a great place to live – a place that works for people of all ages and provides a range of community, education and health facilities, with an attractive high street that meets peoples' daily needs.

Chilmington will grow over time to create three distinct neighbourhoods, and with everything available to you here, it will also be part of you and your family's future.

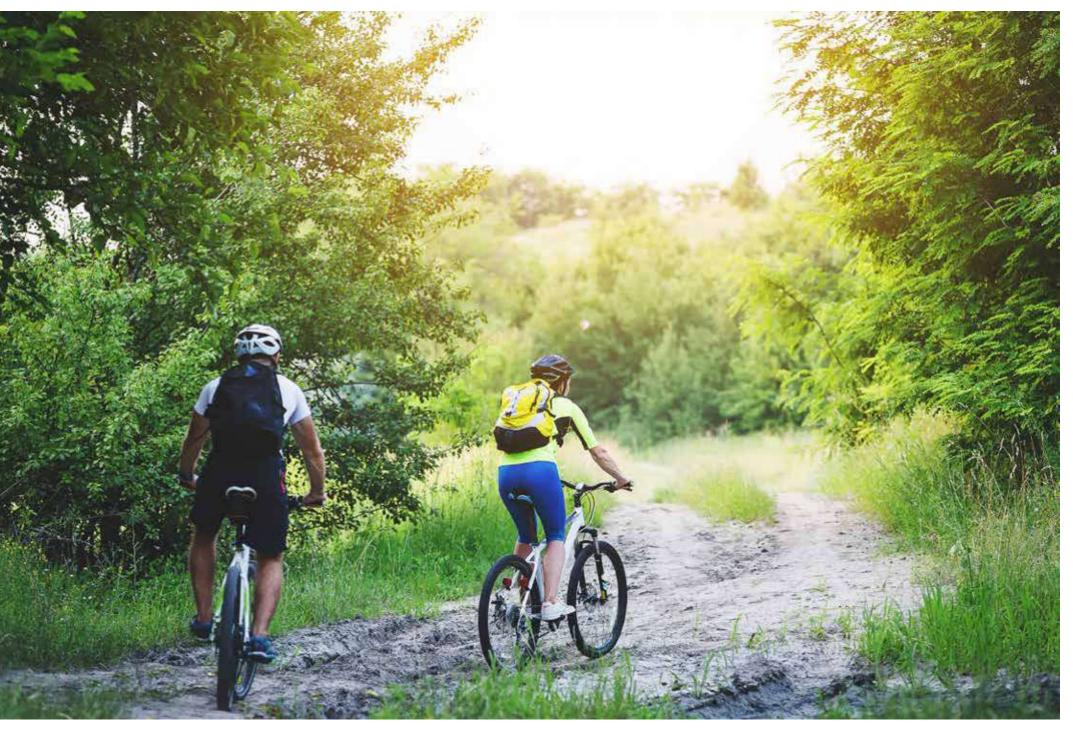

Leisure options will be available to everyone, with cycle trails and bridle paths to follow, as well as 5k and 10k trails for walkers and runners.

The green, open space of the brand new country park will be a welcoming environment all year round, as will the new village green, where a cricket pitch and dedicated multi-use sports pitches will be created.

If you are looking to simply be in the great outdoors with all its sights and sounds for company, this will also be the perfect place to spot a whole host of wildlife, while enjoying the idyllic natural green backdrop.

Living at Chilmington provides the opportunity to live in a special place that offers the very best of town and country – and an opportunity to be part of a distinctive community.

## ASHFORD...

...IS A DESTINATION FOR THE FUTURE

While Chilmington is a major new development for Ashford, there is much more coming to this popular part of Kent. Ambitious strategic plans – called the 'Big 8' – are significant projects which emphasise this ambition, and include transport, retail and leisure and entertainment.

- Over £100m is being spent in Ashford to bring new leisure and retail facilities
- By the year 2022, £45m worth of investment will have been made in educational facilities, including five new schools
- Ashford Designer Outlet is undergoing a major £90m expansion, adding 50 more designer brands and restaurants and 725 additional parking spaces

## BE PART OF THE FUTURE

#### 1. The Commercial Quarter

A new office campus adjoining Ashford International Station, with the potential to deliver up to 590,000 sq ft. of office space, 150 homes and several thousand jobs.

3. Expanding Ashford Designer Outlet

50 new luxury and premium brands will be added to 80 existing names, which will help to further assist Ashford's international appeal.

#### 2. Elwick Place

A town centre cinema with places to eat and drink will be set around a new square and meeting place, along with a hotel, car park and apartments.

#### 4. Ashford College Campus

Modern teaching facilities at the 7,135m<sup>2</sup> campus include a multimedia learning resource centre, live music production, photography and fine arts studios, teaching kitchens and a hair and beauty salon, as well as an independent living facility.

#### 5. Junction 10a

Providing a new motorway junction to support the area's expansion. This will also help economic and commercial development in Ashford.

#### 7. Ashford International signalling

£10m project allowing access for the next generation of Eurostar trains to be able to stop at Ashford.

#### 6. Jasmin Vardimon International Dance Academy

Developing the company's existing offering in Ashford, which includes performance space hired out to other local groups.

#### 8. Chilmington

A new Garden City with 5,750 houses, extensive business, retail and restaurant capacity, schools, open space and community areas.

At Chilmington, we want the people who live here to have a say in all the things that change a housing development into a place to call home.

## YOUR HOME, YOUR COMMUNITY

To help achieve this, we've set up the Chilmington Management Organisation (CMO), with all households given the opportunity to get involved.

Think of the CMO as custodians of your local community, doing all the duties of a management company and so much more. They will look after all public open spaces such as landscaping and community buildings, as well as having a remit to commission and implement community projects.

Community events, activities, groups, forums and facilities will support the CMO in creating a community where people feel safe, enjoy living and belong; a place that people visit for leisure or work.

The CMO will be an organic, entrepreneurial organisation (a charitable company) set up for the benefit of the new development, with the capacity to respond to needs and opportunities, either in partnership with public and voluntary agencies, or on its own initiative. It will be run and managed by industry professionals and will be located in a new state-of-the-art 47,000 sq. ft modern office building, located in the district centre of Chilmington.

You can be safe in the knowledge that the CMO will be run professionally and openly to service Chilmington.

#### Functions of the CMO

- Own, maintain and manage all public open spaces, buildings and facilities.
- Initiate, coordinate and deliver community development and cultural activities to create and maintain a thriving community.
- Manage commercial estate to drive income to the CMO and energise the local economy.
- Promote and support environmental and community sustainability.
- Managed and operated by industry professionals located in a permanent building on the development.

#### The CMO's Mission

 Own, manage and maintain excellent community spaces and buildings, creating a community for present and future generations.

For more information on the CMO, and to become a member, please get in touch with us on **01233 225700**.

Chilmington is a world-class sustainable place, comprising a park, a high street and a market square; providing a memorable sequence of spaces and a clear structure for the residential areas.
